

Meeting & Gathering Spaces

Your group meets where it stays. Every session, meal, and breakout happens inside your private chalet — no shuttle to a conference centre, no shared hallways with strangers.

Each of our three side-by-side luxury chalets is a self-contained venue: an open-concept main floor for full-group sessions, a dining table that doubles as a boardroom, and two more chalets beside it for breakouts. Book one, or all three for groups up to 50 — with 42 sleeping on-site.

PRIMARY SPACE · ONE PER CHALET

The Open-Concept Main Floor

Great room, dining area, and kitchen flow together as one connected space — the natural home base for all-hands sessions, presentations, and evening debriefs. Vaulted ceilings, floor-to-ceiling windows with mountain views, a wood-burning fireplace, and wifi that holds up to a full workday of video calls. Comfortable, informal, and built for a group to spend the day together.

BOARD-STYLE · ONE PER CHALET

The Dining-Table Boardroom

A large dining table seats up to 16 board-style — perfect for strategy sessions, working dinners, and focused meetings. Steps from the kitchen for catering, with natural light and the fireplace close by. The same table your team gathers around for meals becomes the table you make decisions at. Upstairs, a loft with a wet bar makes a natural breakout room — with additional tables, chairs and a smart TV.

Booking all three chalets? You get three of every space — run a main session in one chalet while smaller groups break out in the other two, then bring everyone together for dinner. Up to 50 for a full-group gathering, 42 sleeping on-site. Meeting space is always included with the chalet — never a separate room charge.
