# Team Building, Event Spaces & Seminars.

# Team Building Activities

Group activities are key to building communication and co-operative skills that are transferable to the workplace. At Blue Mountain, there are plenty of activities for every type of group.

While an escape room builds better communication, a hike through the scenic caves can develop social skills. And for your final group activity, end the night with an Axe throwing competition and camp fire discussions at the Tyrolean private beach.

# Mental, Physical & Spiritual.

# Spa, Yoga, Float, Repeat

Development of mental health programs in the workforce is not a trend.

Time and time again, research has proven that investment in better mental health has helped both individuals and businesses develop a, healthier, happier, and more efficient employees.

Blue Mountain is Ontario's to go destination for mental and physical relaxation.

Float spa, message therapy, and group yoga classes are just a few experiences waiting to mentally and physically rejuvenate your group.
